The next Sierra Club sponsored trip will be held on Saturday, March 8. The meeting place is at the Church of the Crossroads parking lot in Manoa (Behind the Varsity theatres in Manoa) at 8am. From there we will drive/carpool to the "Miconia hunting area".

Please be sure to wear sturdy hiking boots with good traction. Also, bring your lunch and water (1 to 2 liters are recommended). To guard against mosquitoes wear long pants, long sleeve shirt and apply insect repellent. Rain gear, gloves and eye protection are also suggested for this hike. Be prepared to do some bush whacking in steep, uneven terrain off the trail. We should be finished around 2pm or 3pm.

For future reference, Miconia control trips will be held every second Saturday of the month.
