

# Tree Injections to Control Insects & Diseases and to Apply Nutrients

# SEMINAR

Speakers: Mr. Mach Fukada  
Hawaii Department of Agriculture

Mr. Chip Doolittle  
President of Arbor Systems

Date: Thursday, October 20, 2005  
Time: 8:00 am – 12:00 am (lunch to follow)  
Place: King Kamehameha Golf Club  
Kahili Clubhouse- Nahele Room  
2500 Honoapiilani Highway

The seminar starts with a short presentation by Mach Fukada on the Erythrina Gall Wasp that's affecting the Wiliwili trees. Followed by Chip Doolittle whom will cover the latest Arborsystems injection system using the patented Wedge tip and Wedgechek Sealer.

\*Significant reduction in the amount of time needed to treat trees for insects, disease and micronutrient deficient symptoms.

\*Environmentally friendly by making injections directly into the tree. This method of application could greatly reduce the number of spray applications.

\*Efficient and rapid use of the chemical allows most trees to be injected in less than five minutes. No drilling, no hammers and no messy clean-up.
