Job Title: Natural Resources Management Planner/Facilitator  
Job ID: 26593  
Project Name: Pacific Coop Studies Unit  
Full/Part Time: Full-Time  
Temporary: Regular  
Closing Date: 10/30/2007  

Job Summary

Regular, Full-Time, RCUH Non-Civil Service position with the Pacific Cooperative Studies Unit (PCSU) performing project tasks on land controlled by the Hawaii Department of Land and Natural Resources, U.S. National Park Service, U.S. Army, and private landowners, in conjunction with the Three Mountain Watershed Alliance and the Kohala Watershed Partnership, located on the Island of Hawaii. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, and availability of funds.

Minimum Monthly Salary:  
$2,189.00.

Duties:
A primary goal is to ensure that on-the-brink endangered species populations are protected from major threats in a manner consistent with Federal and State environmental quality policies. Work must be done in accordance with applicable Federal, and State regulations and laws, especially regarding endangered species, safety and health, and pesticides. Implements office and field work designed and planned cooperatively by the U.S. Fish and Wildlife Service, Hawaii Department of Land and Natural Resources, U.S. National Park Service, U.S. Army, U.S.G.S. Biological Resources Discipline, The Nature Conservancy of Hawaii, Volcano Rare Plant Facility, Amy Greenwell Ethnobotanical Garden, Center for Conservation Research and Training Seed Storage Facility, University of Hawaiis Lyon Arboretum Micropropagation Lab, and the watershed partnerships, such as, but not limited to: implementing field work (e.g., fencing, weeding, monitoring, etc.); leading volunteers in the field; assisting in scheduling, planning, logistics, and documenting day-to-day field work; recording and analyzing field data using computer aided programs.

Minimum Qualifications:

Education:
Bachelors Degree from an accredited four (4) year college or university in Biological, Biomedical, or Environmental Science with basic/related biology courses (Bachelors Degree in non-related field with one (1) year experience managing natural resources in Hawaii or no degree and five (5) years experience managing natural resources in Hawaii will substitute for a Bachelors Degree in specific discipline).

Experience:
Up to one (0-1) year of experience dealing with biological resources in Hawaii.
Experience needs to be documented well and acquired under the employment of an academic institution, governmental agency, private company, and non-profit organization in the appropriate field.

**Abil/Know/Skills:**
Knowledge of and/or expertise in vegetation and/or rare plant monitoring techniques and data collection.
Knowledge of herbicide use and weed control techniques. **Physical/Medical Requirements:**
Able to hike up to ten (10) miles per day and camp in remote areas and rugged terrain for up to four (4) consecutive days.
Able to lift thirty-five (35) pounds.

**Desirable Qualifications:**
- Education and experience in programs managing rare and endangered species and ecosystems in Hawaii.
- Knowledge of endangered species management, safety and logistical training.
- Knowledge of Federal, State, and local environmental laws.
- Familiarity with integrative techniques used to inventory, assess, and display natural resource assets, environmental impacts and their interrelationships.
- Previous experience in weed and ungulate control (especially monitoring and fence construction), helicopter operations in Hawaii; work with chain saws and digging and cutting tools; work with herbicides.
- State of Hawaii certification to apply pesticides. Ability to record biological data with a Global Positioning System (GPS) and download data from GPS unit into computer.

**Inquiries:**
Lynnette Kinoshita 956-3932 (Oahu).
