Job Title: Marine Science Educator  
Job ID: 26698  
Project Name: Oceanography  
Full/Part Time: Full-Time  
Regular/Temporary: Regular  
Closing Date: 12/14/2007  

Job Summary  
Regular, Full-Time, RCUH Non-Civil Service position with the School of Ocean and Earth Science and Technology, Department of Oceanography, located in Honolulu, Hawaii. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, and availability of funds.  

Minimum Monthly Salary:  
Commensurate with qualifications.  

Duties:  
1. Design and implement diverse educational outreach activities for students and the public, including shipboard and laboratory activities.  
2. Develop and pilot formal standards-based pre-college instructional resources.  
3. Train pre-service and in-service teachers in the use of these materials.  
4. Develop and strengthen partnerships with existing outreach programs, schools, and community colleges.  
5. Foster an interest in science among underrepresented groups, including ethnic minorities, women, and persons with disabilities.  
7. Update web site and electronic resources.  
8. Compile required data on the Centers education programs and participants to address the reporting requirements of the funding agency.  

Minimum Qualifications:  
Education:  
- Masters Degree from an accredited college or university in Marine Science, Natural Sciences, Science Education, or closely related field  
- (Bachelors Degree from an accredited four (4) year college or university and four (4) years of science teaching experience in K-12 classrooms or community colleges may substitute for a Masters Degree).  

Experience:  
- Two to four (2-4) years of experience teaching marine science in K-12 classrooms, community colleges, and/or outreach programs.  
- Up to one (0-1) year of shipboard and/or laboratory experience.  

This is NOT the official posting. For the official posting see the RCUH Careers Website: http://www.hear.org/announcements/jobresources.htm (Search for Job ID# 26698)
- Up to one (0-1) year of experience communicating with diverse groups, including scientists, educators, students and administrators.
- Up to one (0-1) year of experience using technology in educational settings.

**Abil/Know/Skills:**
- Knowledge of science content and performance standards.
- Skilled in project management and oral and written presentations.
- Must be able to pass post-offer criminal background check.

**Desirable Qualifications:**
- Experience developing standards-based science curricula for use in public high schools.
- Experience delivering professional development to pre-service and in-service science teachers.
- Experience with formal educational assessment.
- Research experience in microbial oceanography or closely related field.
- Relevant publication record.
