Job Title: NWHI Resource Protection Specialist  
Job ID: 27112  
Project Name: National Ocean Service  
Full/Part Time: Full-Time  
Regular/Temporary: Regular  
Closing Date: 03/21/2007  

Job Summary

Regular, Full-Time, RCUH Non-Civil Service position with National Ocean Service (NOS), Northwestern Hawaiian Islands (NWHI) Marine National Monument (Monument) located in Honolulu, Hawaii. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, and availability of funds.

Minimum Monthly Salary:
Commensurate with qualifications.

Duties:
- Supports and advises the staff of the Monument on emergency response, damage assessment, marine debris, restoration, and alien species related to carrying out management and programmatic functions of the Monument to ensure the comprehensive, strong and lasting protection of the coral reef ecosystem and related marine resources of the Northwestern Hawaiian Islands.

Minimum Qualifications:

Education:
- Bachelors Degree from an accredited four (4) year college or university in Natural Sciences, Resource Management, Planning, or relevant field.

Experience:
- Two to four (2-4) years of experience with emergency response and/or damage assessment, or other resource protection field.
- Experience drafting planning and acquisition documents, and some contracting.

Abil/Know/Skills:
- Familiarity with logistical requirements associated with research and management in the Northwestern Hawaiian Islands.
- Knowledge of emergency response and environmental restoration including relevant trustee roles in a response.
- Understanding of the Monument Co-management management structure.
- Familiarity with statues and laws relevant to field operations conducted in the Monument.
- Understanding of small boat and dive operations and maintenance.
- Ability to analyze and synthesize information related to field operations and assets through the development of comprehensive planning documents.
- Skill with contract and project management.
- Must possess SCUBA diving open water certification or advanced open water certification.

Physical/Medical Requirements:
- Lift up to eighty (80) pounds to assist transporting equipment and gear.
Must be able to obtain medical clearance to work on NOAA research vessels or other appropriate vessels and for NOAA diving requirements.

Desirable Qualifications:
- Experience working with the Coast Guard and/or NOAA's Office of Response and Restoration.
- Experience with development of educational or outreach materials.
- Two to four (2-4) years of experience as a scientific or working diver.
- EMT training.
- Experience with marine debris cleanup from vessels at sea.
- Previous experience as a responder in an emergency response or damage assessment.
- Experience in the field of enforcement as it relates to resource management and emergency response.
- Familiarity with laws and regulations related to marine pollution and vessel groundings.
