Job Title: PACRC Facilities Development Specialist  
Job ID: 27287  
Project Name: Pacific Aquaculture/Coastal Resources  
Full/Part Time: Part-Time  
Regular/Temporary: Regular  
Closing Date: 06/10/2007

Job Summary

Regular, Part-Time (50% FTE), RCUH Non-Civil Service position with the Pacific Aquaculture and Coastal Resources Center (PACRC), located in Hilo, Hawaii. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, and availability of funds.

Minimum Monthly Salary:  
Commensurate with qualifications.

Duties:
- Provides the specialized technical expertise for the detailed design, construction, and maintenance of the PACRCs freshwater and saltwater aquaculture facilities.
- Represents PACRC in the monitoring construction and repairs, while interacting with contractors, suppliers, and regulators.
- Works with project staff to develop, and implement equipment and facilities.
- Maintains protocols and will be responsible for monitoring the implementation of those protocols.
- Drafts regulatory compliance reports related to facilities development and operation.
- Assists the PACRC Director in the design and implementation of aquaculture engineering projects for students and farmers at the PACRC.

Minimum Qualifications:

Education:
- Masters Degree from an accredited college or university in Agricultural Engineering or related field, or a Professional Engineer (P.E.) in Civil or Mechanical Engineering will be acceptable.

Experience:
- Five to seven (5-7) years of experience in the design and operation of aquaculture facilities.
- Experience in the operation of farm tractors, and ski-steer loader.

Abil/Know/ Skills:
- Knowledge in preparing detailed engineering studies and plans for aquaculture projects.
- Knowledge in the preparation of compliance reports.
- Must possess a valid driver’s license.
- Must be able to drive manual transmission vehicles, tractors, and ski-steer loader.
- Skilled in the operation of farm tractors and skid-steer loader.
- Able to use transit and/or engineers level in basic surveying and layout.
Able to use AutoCAD, Microsoft Word, Excel, and Powerpoint, e-mail, and the Internet.

Desirable Qualifications:
- Familiarity with the design and operation of wastewater treatment plants (as the PACRCs Keaukaha facility was formerly a wastewater plant).
- Familiarity with the water and wastewater regulations in Hawaii and in the U.S.
- Familiarity with the construction industry in eastern part of Hawaii.

Inquiries:
Dr. Kevin Hopkins 933-0706 (Hawaii).
