Job Title: Aquatic Invasive Species Research Specialist
Job ID: 27292
Project Name: DLNR-Aquatic Resources
Full/Part Time: Full-Time
Regular/Temporary: Regular
Closing Date: 06/20/2007

Job Summary

Regular, Full-Time, RCUH Non-Civil Service position with the Division of Aquatic Resources (DAR), Department of Land and Natural Resources (DLNR), located in Honolulu, Hawaii. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, and availability of funds.

Minimum Monthly Salary:
$2,929.00.

Duties:
- Researches and summarizes aquatic invasive species management efforts using methods that may be regulated by the Clean Water Act (CWA) or the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).
- Works with DAR staff, resource managers, researchers, regulatory officials, appropriate government agencies, and private sector individuals in order to investigate the regulating, permitting, and utilizing methods regulated under the CWA or FIFRA.
- Establishes professional contacts and stays current on the most effective techniques for AIS control and eradication.

Minimum Qualifications:

Education:
- Masters Degree from an accredited college or university in Biology, Zoology, Marine Science, or related field.

Experience:
- Two to four (2-4) years of progressively responsible work experience in project management.
- Experience should include supervising, planning, and directing technical work in both office and field work settings.
- Experience in assigning and reviewing work, or advising and training subordinates.
- A PhD from an accredited college or university in Biology, Zoology, Marine Science or related field may substitute for one (1) year of work experience.

Abil/Know/Skills:
- Knowledge of Hawaiian marine life, and aquatic invasive species issues.
- Knowledge of the use of pesticides, state and federal regulations relating to the CWA and the FIFRA.
- Knowledge of literature reviews, resource management policies, and program development.
- Working knowledge of computers and word processing software.
- Ability to write clearly and produce comprehensive materials. This includes preparing and/or reviewing proposals, budgets, articles, analyses, and/or reports.
- Ability to read and interpret complex materials such as Federal and State laws, rules, regulations, and/or program guidelines.
- Ability to collect, correlate, evaluate, analyze facts/data, research, coordinate, and prepare materials for publication.
- Must possess a valid drivers license.
- Knowledge of computer applications/software.
- SCUBA certified (NAUI, PADI etc.).

**Desirable Qualifications:**
- Knowledge of State laws, Departmental rules and regulations, policies and procedures.
- Knowledge of applicable Federal laws, rules, regulations and policies.
- Knowledge of invertebrate biology and taxonomy.
