RESEARCH POSITION
Center for Environmental Management of Military Lands
Colorado State University
Fort Collins, CO 80523-1490

POSITION #SCH/LRAM/8/03/07
Land Rehabilitation Specialist position (Research Associate II Special) available with the Center for Environmental Management of Military Lands to be assigned at Schofield Barracks, Hawaii to coordinate the Land Rehabilitation and Maintenance (LRAM) program on Army training lands on the island of Oahu.

MINIMUM QUALIFICATIONS:
BA/BS in forestry, natural resource management, restoration ecology, civil engineering, landscape architecture, hydrology, or related applied science. Five year’s professional experience with responsibilities similar to those listed below, or a MS degree and three years work experience. Ability to work outdoors in rough terrain and inclement weather. Appointment may be contingent on successful completion of a background check.

DESIRABLE QUALIFICATIONS IN ONE OR MORE OF THE FOLLOWING CRITERIA:
Experience in planning and management of land rehabilitation projects such as erosion control, re-vegetation, post-fire restoration, riparian restoration, and best management practices to protect water quality. Experience with vegetation management by mechanical and chemical means. Experience in the maintenance of unpaved secondary roads, including design and maintenance of water crossings. Experience with earthmoving equipment a plus. Demonstrated knowledge of federal and state environmental regulations, especially as they pertain to water quality. Excellent oral and written communication skills. Experience with the global positioning system to locate and map field features. Related experience on a military installation and/or demonstrated understanding of military training requirements.

RESPONSIBILITIES:
Assist the Integrated Training Area Management program coordinator with implementation of the LRAM program on all Army lands on the island of Oahu. Develop and execute plans for secondary road repair, erosion control, vegetation management, riparian restoration, maneuver damage assessments, resource monitoring, and noxious weed control. Consult with military trainers to ensure projects are compatible with military training objectives. Oversee crews executing LRAM projects. Prepare annual work plans and justifications for funding requirements. For further information on this announcement, please go to http://www.cemml.colostate.edu/sch_lram.htm

SALARY: Salary determined by qualifications and experience; includes full fringe benefits; range $55,000 to 70,000

APPLICATION:
Prospective candidates should mail or hand deliver the following for each position: (1) COVER LETTER - a letter noting the CEMML position number and responding to each of the qualifications; (2) RESUME; (3) TRANSCRIPTS - a copy of transcripts for each degree earned listed in the qualifications (original not necessary); (4) DEGREE CONFERRAL; and (5) REFERENCES - contact information for professional references, including at least one supervisor. To help us with our advertising, please let us know where you found our announcement. Mail to:
