Job Title: Natural Resource Fence Worker
Job ID: 27614
Project Name: Pacific Coop Studies Unit
Full/Part Time: Full-Time
Regular/Temporary: Regular

Job Summary
Regular, Full-Time, RCUH Non-Civil Service position with the Pacific Cooperative Studies Unit (PCSU) located on land controlled by the U.S. Army Garrison, Directorate of Public Works, Environmental Office, Natural Resources Section, on the Island of Oahu. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, and availability of funds.

Minimum Monthly Salary Range: $1,600.00 - $2,800.00.

Duties: Works for the Army Natural Resource Program constructing and maintaining ungulate exclosures. This involves clearing vegetation along fence corridors using chainsaws, weed whackers and other tools. Required to remove non-native plants along the fencelines with herbicides. Assist with fenceline routing, fence materials distribution and fence construction. In addition, maintenance and repair of existing fencelines will also be conducted.

Minimum Qualifications: Education: High School Diploma or General Education Development (GED). Experience: One to three (1-3) years of experience in fence construction. Ability/Know/Skills Knowledge of a variety of commonly used fencing equipment and techniques. Ability to operate power tools including chain saws, weed eaters, generators, etc. Must possess the American Red Cross Certification in First Aid/CPR (or be able to obtain the certificate following the training provided.) Ability to obtain State of Hawaii Certification for Application of Restricted Use Pesticides. Must possess valid drivers license, and ability to operate 4-wheel drive and all-terrain vehicles. Must be able to complete basic helicopter safety course and rappelling training within twelve (12) months of hire.

Physical/Medical Requirements: Ability to hike and camp in remote areas and rugged terrain under inclement weather conditions, up to five (5) consecutive days. Able to backpack to up to twelve (12) miles on irregular terrain with backpacks weighing up to fifty (50) pounds.

Desirable Qualifications: Associates Degree from an accredited community college in Biological/Environmental Sciences or related field (e.g. botany, zoology). Education and experience in programs managing native ecosystems in Hawaii. Knowledge of native Hawaiian flora and fauna and alien species. Skill in field mapping using GPS, contour
maps and compass. Knowledge of pesticide application techniques. Familiar with helicopter use and safety.
