

Pesticide Education Programs

There will be pesticide education classes intended to supplement the knowledge of certified applicators. However, all persons interested may attend. Certified Private Applicators in branches 1 (General) and 2 (Chemigation) and Commercial Applicators in categories 1A, 2, 3, 5, 6, 7B, 7C, 7D, 10 and 11 will receive two (2) recertification credits for each session from the Hawaii Department of Agriculture. Details are as follows:**

Class Title: *Pesticides and the Protection of Our Groundwater* (DOA Class No. 8066)

We will discuss the various conditions that contribute to pesticide contamination of groundwater contamination and what the applicator can do to prevent this contamination and to comply with federal and local requirements. This is a two-hour program.
