

Leilani Münter: "Race to Save the Planet" Hawai'i

Photo by Phil Cavali

Leilani Münter is only the fourth woman ever to compete in the Indy Pro Series. She holds several NASCAR track records including the highest finish for a female driver in the history of Texas Motor Speedway. The mission of "Leilani's Eco Dream Team" is to raise environmental awareness among the 100 million fans of the #1 spectator sport in America. Her powerful message is a call to action on behalf of sustainable living, clean energy, alternative fuel vehicles, environmental legislation and other visionary strategies to protect our environment.

Leilani is racing to save the planet.
Put on your seat belts!
