

Aloha,

Feeling GREEN for St. Patrick's Day? Come cure the next day blahs by helping us plant at Honolua Wao Kele! Please join us Thursday, March 18th, as we work to finish the planting season at Honolua Wao Kele. This planting is for all the folks who might not be able to make a Saturday trip but would like to help out during the weekday. Come and join in the fun and have a positive impact on the environment (you'll have to bring your own green beverages though...).

Again, this planting project will be held THURSDAY March 18th, as a special weekday service trip. Please meet at 8:00 AM in the parking lot behind Honolua Village Center (parking area behind Honolua Store and Sansei's new location). Please wear comfortable clothing and be prepared to get muddy: long pants are suggested, closed toe shoes, hat, sunscreen, and bring water and any necessary medical supplies such as an epi-pen for allergies and let us know about your condition. Once again, please NO SLIPPERS. If you have a 4WD vehicle and are willing to drive, please let me know. We should be finished and back to the parking area by 12 noon. Please contact Megan Webster, at mwebster@mlpmaui.com or 665-5467 to reserve a space and receive more information. You can check us out and become a fan on Facebook at Puu Kukui Watershed Preserve.

Mahalo!

Megan
