POSITION:
Invasive Plant Program Manager position (Research Associate II Special) available with the Center for Environmental Management of Military Lands, to be assigned at Pohakuloa Training Area, (PTA), Hawaii. Position is contingent on the availability of funds.

MINIMUM QUALIFICATIONS:
BS degree in natural resources management, conservation biology, applied ecology, or related applied science. Five years of professional experience in natural resource management. Ability to identify invasive and native plant species. Knowledge of herbicides and experience in their application to control invasive plant species. Experience in the application of GPS and GIS in the management of natural resources. Three years of program management experience, including supervision of field staff. Good written and oral communication skills. Have or be able to obtain a valid Hawaii driver's license. Knowledge and qualifications to obtain a Hawaii Commercial Pesticide Applicator license. Ability to conduct strenuous filed work on extremely rugged terrain. CSU conducts background checks on all final candidates.

RESPONSIBILITIES:
Develop and implement an invasive species program to address established, introduced plant species as well as incipient populations to meet objectives of federally listed species conservation. This involves the control of invasive plant species that compete directly with listed plant species as well as the detection and control of incipient populations. Develop and report on metrics of weed control success. Assist in establishing annual and quarterly goals and work plans. Prioritize, plan, and assign daily field tasks for the vegetation control crews, which will number up to 15 employees. Provide supervision, performance planning, and annual appraisals of two crew leaders and 13 crew members. Work with researchers to design studies comparing the effectiveness of vegetation control treatments. The ability to take initiative and work independently without close supervision is an important aspect of this position.

SALARY: Commensurate with experience and qualifications. Range $49,000-$65,000.

APPLY: Please remove all social security numbers and birthdates from application materials. Apply on-line at http://www.cemml.colostate.edu/ no later than April 15, 2010, for full consideration.

1) LETTER OF INTENT- a letter stating your interest in the position;
2) CV- resume;
3) TRANSCRIPTS-transcripts for each degree earned listed in the qualifications, (Bachelors);
4) DEGREE CONFERRAL- if transcripts do not include confirmation that degree was awarded, include a copy of diploma;
5) REFERENCES- contact information for professional references, including at least one supervisor; and
6) STATEMENT OF QUALIFICATIONS-a letter responding to the minimum and desirable criteria in the announcement.
