Job Description

Job Title: Conservation Grant Administrator
Job ID: 10282
Project Name: Pacific Coop Studies Unit
Full/Part Time: Full-Time
Regular/Temporary: Regular

MINIMUM MONTHLY SALARY: $4,000/Mo.

DUTIES: Coordinates and oversees conservation grant programs. Provides budget oversight, spending projections, contract management, budget planning and reporting services for the Hawaii Invasive Species Council (HISC), Invasive Species Projects, and other conservation programs. Oversees the HISC Research and Technology grant program and Wildlife Conservation grant programs. Coordinates with grantees to ensure timely contract establishment and grant reporting. Monitors budget and expenses and ensures that measures of effectiveness are met by all grantees. Facilitates the project funding transfer to cooperating agencies including contract execution. Ensures that project data are organized and made available to cooperating departments and agencies. Coordinates project meetings, archives records of meetings and provides professional communication on project matters. Serves as author and editor for the yearly grant progress reports. Assists in drafting work plans associated with the conservation grant programs.

PRIMARY QUALIFICATIONS: EDUCATION: Bachelor' Degree from an accredited four (4) year college or university preferably in Biological, Biomedical, or Environmental Science with basic/related biology courses. (Bachelor's Degree in non-related field with three (3) years of experience in environmental planning with grant or fiscal management responsibility will be accepted).
EXPERIENCE: Three to five (3-5) years of related work experience, of which one to three (1-3) years of experience in environmental planning with project administration and management responsibility.
ABIL/KNOW/SKILLS: Knowledge of the Hawaiian environment, community, economy and politics. Knowledge of conservation issues including invasive species. Knowledge of computer programs, such as Microsoft Word, Excel, PowerPoint and accounting programs, which aid in the organization and implementation of projects. Knowledge of planning, scheduling, and conducting environmental related grants and projects. The ability to evaluate and recommend ways to improve the effectiveness and efficiency of programs. Knowledge of State contracting and procurement procedures. Able to organize and plan natural resource projects. Demonstrated skill in summarizing findings and recommendations, as well as, proficiency in oral and written presentations. Able to estimate costs associated with natural resource projects. Able to project budget requirements for future program needs. Skilled in planning, scheduling and conducting environmental related grants and projects. Must possess a valid driver's license.
