Job Description

Job Title: JIMAR PIRO Fisheries Extension Agent
Job ID: 10333
Project Name: JIMAR
Full/Part Time: Full-Time
Regular/Temporary: Regular

Job Summary

Regular, Full-Time RCUH Non-Civil Service position with the Joint Institute for Marine and Atmospheric Research (JIMAR), located at the National Marine Fisheries Service (NMFS), Pacific Islands Regional Office (PIRO) located in Honolulu, Hawaii. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, and availability of funds.

MINIMUM MONTHLY SALARY: $3,039/Mo.

DUTIES: Participates in and design projects that focus on fostering a favorable relationship with the local fishing community throughout the Hawaiian Islands. Interacts directly with the communities of coral reef resource users while serving as an information conduit between resource users and management. Serves as a liaison between the various groups performing fishery outreach activities.

PRIMARY QUALIFICATIONS: EDUCATION: Bachelor's Degree from an accredited four (4) year college or university in Fisheries Biology, Marine Affairs, Natural Resource Management, Environmental Sciences, Zoology, Marine Biology, or a related field. EXPERIENCE: One to three (1-3) years of related professional experience which demonstrates knowledge of ocean policy, program implementation, natural resource management. Experience working directly with fishermen/fishing and native Hawaiian communities. ABIL/KNOW/SKILLS: Knowledge of fisheries management techniques and fisheries science. Familiarity with coral reef fishing practices and methods. Knowledge of Hawaiian fish species. Strong oral and written communication skills. Ability to work as a member of a team or as a team leader. Ability to work independently. Ability to seek guidance from an advisory group and then carry out tasks with little direct supervision. Solid analytical skills and working knowledge of statistical techniques. Ability to meet strict deadlines. Ability to conduct/facilitate meetings that often include controversial/adversarial issues and participants. Excellent interpersonal skills.

SECONDARY QUALIFICATIONS: Master's Degree from an accredited college or university in an aquatic related science, fisheries management or resource management planning and policy.

INQUIRIES: Nicole Wakazuru 956-5018 (Oahu).
