Added here on 11 Apr 2011

Job Type: full-time permanent position**Opportunity location:****Closing date (if specified):** 4 May 2011**Opportunity Description:**

Guam Department of Agriculture's Division of Aquatic and Wildlife Resources is hiring a Wildlife Biologist III. The primary responsibility will be to analyze and publish over 20 years of guam rail releases on guam and the neighboring island of Rota. Work details may also include participating in future Guam rail or other native bird reintroductions, predator control (feral cat, monitor lizard, brown treesnake, etc.), public outreach, preparing habitat for the reintroduction of native birds, office responsibilities (purchasing and maintaining equipment, vehicle maintenance, etc.), preparing budgets and reports for in house and publications, and other duties as assigned.

An application can be downloaded at <http://bsp.guam.gov/Government%20of%20Guam%20Employment%20Application.pdf>. The completed application along with transcripts and a photocopy of driver's license must be sent to Department of Administration (address at the end of page 1 of the application). Please forward a copy of your application with resume and a writing example to Suzanne Medina at bio3rails@gmail.com. Must be eligible to work in the US.

Bachelor's Degree in Biological Science and/or Conservation, Master's Degree preferred. This is a writing position – must have spatial data analysis skills, a working knowledge of statistics.

For more info, contact:Suzanne Medina, bio3@gmail.com**Our Opportunity ID:** 18106
