Regular, Full–Time, RCUH Non-Civil Service position with the Pacific Cooperative Studies Unit (PCSU), Maui Forest Bird Recovery Project, on the Island of Maui, Hawaii. Continuation of employment is dependent upon program/operational needs, satisfactory work performance, availability of funds, and compliance with applicable Federal/State laws.

MINIMUM MONTHLY SALARY RANGE: $2,189 - $3,396/Mon.

DUTIES: Assist in productivity studies of Maui Parrotbill and endangered forest passerines. Assist in the capture, banding and re-sighting of forest birds for long-term survival monitoring; assist in censuses of breeding birds and mapping territories; assist in endangered species recovery and habitat management techniques including small mammal monitoring and control, weed censuses, erosion control and trail maintenance; assist with analysis for project summaries. Assist in dry forest restoration trials for the reintroduction of endangered forest passerines including monitoring, seed collection, out planting, small mammal and weed control, and coordinating and leading volunteers. Takes a lead in data management including managing Access database, creating reports and summaries.

PRIMARY QUALIFICATIONS: EDUCATION: Bachelor’s Degree from an accredited four (4) year college or university in a Biology, Zoology, Wildlife Science, Avian Ecology or related field. EXPERIENCE: At least one (1) year of experience conducting avian research. One to three (1-3) years of experience with Microsoft Access and database design. (Volunteer experience may be acceptable depending on relationship to job requirements). ABIL/KNOW/SKILLS: Knowledge of principles and techniques of avian ecology, population biology and conservation. Knowledge of database design. Knowledge of maintenance for database, Linux/Ubuntu server and computer stations. Strong skills in techniques of avian population ecology and conservation management. Able to take detailed field notes and follow a prescribed data collection system, and perform data entry into spreadsheets and databases. Strong verbal and oral communication skills. Able to make database queries and write simple reports. Able to use Microsoft Access®, including database design. Possess a valid driver’s license. Post Offer/Employment Conditions: Must possess the American Red Cross Certification in First Aid/CPR (or be able to obtain the certificate following the training provided within three (3) months of hire). Must be able to complete basic helicopter safety course and external load transport within six (6) months of hire. PHYSICAL/MEDICAL REQUIREMENTS: Able to conduct fieldwork in high elevation forest under cold, wet and extremely rugged field conditions. Able to hike on poor footing conditions for ten to fifteen (10-15) miles carrying loads up to forty (40) pounds. Expected to live and work in remote field camps under primitive conditions in close quarters with other individuals for up to fourteen (14) consecutive days.

INQUIRIES: Hanna Mounce 573-0280 (Oahu).
