Hello Everyone

The next OISC general meeting will be held on Tuesday, Dec 4, 2001 from 1:00 - 3:45 PM
Location is the Lecture Room at the Visitor Center at Hoomaluhia Botanical Garden in

Kaneohe.

Directions from Honolulu:

Take Likelike Hwy across the pali into Kaneohe.
Turn right on to Kamehameha Hwy.
Go a very short distance to Luluku Road and turn right.
Stay on Luluku and you will come to the Botanical Garden.
Follow signs to the Visitor Center.
If you get lost you can call the garden at: 233-7324

A couple of things to note:

The garden closes and gates are locked at 4PM. So we must finish our meeting by 3:45 and be out of the garden by 4PM. Therefore, we will start promptly at 1PM. If you have the option, you might want to bring a picnic lunch to eat at the garden, it's a beautiful setting. The garden is at the base of the pali in a very wet area. There will be mosquitoes. Please dress accordingly and take precautions to prevent mosquito bites. The room is screened, and we are permitted to burn mosquito coils if we wish, but a totally mosquito-free environment can not be guaranteed. A slide projector will be available, but if you need any other equipment, please make arrangements to bring it.

The agenda will be similar to past meetings, focusing on updates from working groups and field crew. If you have any additional items you would like to discuss, please email me and I'll be sure we allocate some time.

Thank you all. Have a great Thanksgiving holiday. Hope to see you Dec. 4.

Coleen
